

Project Design Phase-II Data Flow Diagram & User Stories

Date	6 July 2026
Team ID	
Project Name	BookStore
Maximum Marks	4 Marks

Data Flow Diagrams:

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored.

Example: [\(Simplified\)](#)

DFD Online Complaint Registration level-1

User Stories

Use the below template to list all the user stories for the product.

User Type	Functional Requirement	User Story Number	User Story / Task	Acceptance Criteria	Priority	Release
